

## FLC Newsletter Article

Have you ever wondered what your child should be learning now? What you can do at home to help? What questions to ask the teacher if you notice a change in progress or interest in school? The Family Learning Connection was developed to help you strengthen your child's learning at every age and provide a roadmap of support for families.

This roadmap provides key checkpoints aligned to the resources and tools needed to navigate your child's educational journey. In four simple steps, you can gather ideas for supporting your child in the areas of behavior, math and reading.
