

Effective Leadership Practices for School-Wide Literacy/Engagement Strategies with Kevin Feldman and H.D. Weddel

*Effective leadership practices to intentionally create
a school culture that supports continuous improvement*

Join us for a day-long program featuring Dr. Kevin Feldman and H.D. Weddel, Co-Principal of Madras High School in Madras, Oregon. Dr. Feldman and Mr. Weddel will begin with focusing on the importance of school leadership teams leading supports for literacy/engagement strategies across content areas and why common literacy/engagement strategies are critical in school improvement, along with best practices for leading/implementing these efforts in schools.

Dr. Feldman and Mr. Weddel will dig deeper with participants into those strategies that have the highest impact and what has been learned through explicit instruction and from the *Teachers Learning Together* (TLT) training, in addition to sharing exemplars.

To round out the day, Dr. Feldman and Mr. Weddel will assist school leadership teams in developing an implementation plan for their school buildings.
