### **Session Goals:**

- Unpack the intentions and implications of MDE's Top 10 in 10 strategies in the context of your district and/or school.
- Connect the key strategies of Top 10 in 10 to the current progress of your district/schools initiatives and procedures
- District/School leaders identify focus areas for improvement that align with current district/school efforts and systems to key Top 10 in 10 Strategies

**District/School Leadership Teams will unpack and scaffold 4 of the 7 Top 10 in 10 Strategic Goals that are nested heavily within our PreK-12 expectations and responsibilities:**

2. Implement, with strong district and building leadership, high-quality instruction in every classroom through a highly coherent, child-centered instructional model where students meet their self-determined academic and personal goals to their highest potential.
3. Develop, support, and sustain a high-quality, prepared, and collaborative education workforce.
4. Reduce the impact of high-risk factors, including poverty, and provide equitable resources to meet the needs of all students to ensure that they have access to quality educational opportunities.
5. Ensure that parents/guardians are engaged and supported partners in their child's education.

**and... connect these strategic goals to the progress within our current efforts and systems:**

i.e. Strategic Planning, School Improvement, MTSS-CRPBIS, Assessments, Administrator-Teacher Evaluation and Etc.
